THURSDAY, NOVEMBER 12, 2015

NDPTC, DURP and APA, Hawai'i Chapter invites you to our "Second Thursday" Event presented in conjunction with "World Town Planning Day".

"Lessons from Katrina and Implications for Hawai'i"

It has been 10 years since one of the deadliest hurricanes in the United States tore through New Orleans, leaving a horrific trail of devastation. Extensive flood damage to 80% of the metropolitan area, exacerbated by breached levees, killed 1400 people, destroyed over 350,000 homes and displaced over 1 million people. Today, the economic impact exceeding \$151 billion, and the human costs continue to provide a platform for action.

An expert group of specialists will bring their varying perspectives and aspects of hazard focus to share in a panel discussion. Gary Barnes (Meteorology), Jennifer Darrah (Sociology), George Atta (Land Use Planning) and Ian Robertson (Engineering) chaired by the Director of NDPTC, Karl Kim, will revisit issues from Hurricane Katrina and discuss important implications for the future of Hawai'i.

Awards will be presented to - **Tom Dinell, Outstanding Alumni Award, Thomas A. Fee, AICP, LEED AP ND**

- **Claudia Shay, Planner Who Made A Difference**

- **Tyler Jay Tsubota, APA Student Award**
